April 6, 2022 (Herndon, VA) – The membership of the Consortium of Certified Service Centers (C-CSC) recently concluded a nomination process that resulted in the following service professionals being elected to serve on C-CSC’s expanded Board of Directors:

- Samuel Barber, WirelessUSA, St. Louis, MO
- Kevin Carter, Mobile Communications America, Spartanburg, SC
- Aaron Clark, Day Wireless Systems, Boise, ID
- Jonathan Favorite, Communications Electronics, Baltimore, MD
- Michael Smith, BearCom, Garland, TX
- Garret Vincent, Louisiana Radio Communications, Lafayette, LA

These newly elected members of the C-CSC Board of Directors will be joining the following representatives from industry associations and certification organizations that are founding organizations of C-CSC, and who receive automatic appointments to the Board of Directors:

- Bryan Allen, ETA International, Greencastle, IN
- Randy Carney, Professional Service Association, Marengo, IA
- Eric Hill, Enterprise Wireless Alliance, Herndon, VA

The C-CSC plans an aggressive campaign during 2022 to increase the rolls of certified service organizations and recognition of their contributions to the service industry.

### **About the Consortium of Certified Service Centers (C-CSC)**

The Consortium of Certified Service Centers is a national, not-for-profit organization, managed by the Enterprise Wireless Alliance, that recognizes and promotes professionalism within the service industry and develops and awards the “Certified Service Center” (CSC) designation to those service organizations that have been recognized as providing a level of service that meets or exceeds the designation requirements.
